

## INSTALLATION INSTRUCTIONS FOR #1883

Please read this instruction sheet carefully and keep it for future reference. The fitting must be installed by a licensed electrician.

### INSTALLATION

Before installation, ensure power is off, and please pay attention to the following steps:

Connect the mains supply to the terminal block, using the following colour code for the wiring:

- Connect the brown wire to the corresponding terminal on the terminal block marked “L”
- Connect the blue wire to the corresponding terminal on the terminal block marked “N”
- Connect the yellow & green wire to the corresponding terminal on the terminal block marked “⊕”. Be sure to connect to ground lead.

Install the bulb onto the lampholder, the bulb must not exceed the specified wattage on the label.

Restore mains supply and switch on.
