

# Installation Instructions

## **NAOMI 1LT PENDANT** CODE#3405 Rated Voltage 220-240V~, 50Hz

Thank you for purchasing this quality product. To ensure correct function and safety, please read and follow all instructions carefully before assembly, installation, and use. Please keep the instructions for future reference.

### Warranty

- Please retain proof of purchase.
- Warranty will be null in void if there is any damage due to improper usage or modification to the product.
- Failure to comply with the instructions in this manual may increase the risk of damage or injury and will void the warranty.

### Installation requirements

- All wiring and installation of the light fitting must adhere to local and national wiring rules.
- Do not exceed the maximum wattage rating.
- Select a suitable location for installation.
  - This product is suitable for indoor use only.
  - Do not place flammable material near or over the product.
  - Ensure the product is not installed in direct line of an air vent/system.
  - If the product is placed in an area prone to moisture, ensure that the area is well ventilated and an appropriately rated exhaust fan is used if required. Damage or corrosion caused by moisture is not a product fault, and as such is not covered under warranty.
- Do not exceed the maximum wattage rating.
- Take care not to pull any electrical wires during unpacking as this may damage the connection.
- Lay out all the components on a smooth surface and make sure there are no components missing before assembling.

If parts are missing, return the complete product to the place of purchase for inspection or replacement.
- Check whether the product has been damaged during transport. Do not operate/install any product which appears damaged in any way. Return the complete product to the place of purchase for inspection, repair or replacement.
- Do not plug into the mains power socket outlet before or during assembly. Only do so after the portable lamp is fully assembled with the globe installed and is ready to use for the first time.

### Installation directions

1. Remove all packaging material from the product and be careful not to throw away accessories that may be hidden within the packaging material.
2. Install a globe (A - not included) into the lamp holder (D). Do not exceed the maximum wattage rating.
3. Select a suitable location for the product. See the installation requirements above.
4. Insert the plug into the mains power socket outlet (B) and ensure it is fully plugged in.
5. Turn power on at the mains power socket outlet.
6. Use the switch (C ) in line to turn the lamp on/off and enjoy your new lighting product.
